Employment while a PhD. student at the University of Minnesota

1993-94 Research Analyst Special Projects Team, Minnesota Health Care Commission

I was staff for a legislative study commission that looked at changes to laws governing health care in Minnesota. I worked on policy papers as requested by the commission. I also help state agencies with technical issues related to a DRG system, and I served on a study group that considered which items to capture for a statewide claims database. (Examples of policy papers are listed on this Vitae under **Representative Policy Papers/ Reports**)

1990-93 Teaching Assistant Finance Department, Carlson School of Business,
University of Minnesota

I taught a case course for junior and senior undergraduates that covered a range of corporate finance topics but emphasized working capital management. I also graded for undergraduate classes in Introduction to Finance, Bank Management, and Investments, and an MBA class in Corporate Finance,

1990-91 Research Associate Hennepin County Hospital and Hennepin County Bureau
of Health, Minneapolis, Minnesota

I worked on projects designed to reduce uncompensated care at a safety net hospital. This included Assured Care, a county run insurance program for the uninsured that increased Medicaid spenddown funds through better patient monitoring

1988 Financial Analyst Finance Department, Abbott Northwestern Hospital
I worked in the finance department on capital budget projects (e.g. new lab equipment), processed the hospital Medicare stepdown for cost accounting, and worked on a series of projects for the CFO.

1988-93 Teaching Assistant Masters of Hospital Administration Independent Study
(Periodically) Program , School of Public Health University of Minnesota
I was a Lecturer and Masters Thesis advisor, for the accredited MHA Distance Learning Independent Study Program. This is the oldest continuing distance education program for healthcare administrators in the nation.

1988-93 Research Assistant Division of Health Services, School of Public Health
(Periodically) Research and Policy University of Minnesota
I worked on a series of grant funded studies, primarily for Jon Christianson but also for Bryan Dowd, Roger Feldman and John Kralewski.

Employment Prior to the Ph.D. Program

1985-87 Research Fellow Division of Health Services, School of Public Health
Research and Policy University of Minnesota
I developed a proposal, which was enacted by the state legislature, that covered more of the uninsured at the same cost to the state by transferring individuals who were covered by state funds to the Medicaid program.

1984-85 Financial Planner Twin Cities Metropolitan Council Health Systems Agency
St. Paul, Minnesota
I coordinated Certificate of Need proposals, and developed policy reports

1983-84 Financial Analyst Pricing Department First Wisconsin National Bank
Milwaukee, Wisconsin
I worked on pricing, capital budgeting projects and developed standard costs.

1981-1983 Management Trainee Personnel Department First Wisconsin National Bank
Milwaukee, Wisconsin
I rotated through bank operations, Commercial Credit, a branch assignment, the money center in the Investments Division and the International Division.

1980-81 Consultant Bureau of Medicaid Policy, Ohio Department of Public Welfare
I helped write the rules for the nursing home reimbursement legislation I staffed at a previous position. I then helped implement the legislation. I also helped the state meet federal requirements for Medicaid, including conducting a survey to establish reasonable pharmacy payments and performing "audits" of rural health clinics.

1979-80 Staff Economist Committee on Health Care Costs Ohio Legislature
I developed a statistical study to assess the impact of changes in technology on hospital costs. I staffed legislative committee meetings.

1978-79 Staff Economist Ohio Nursing Home Commission Ohio Legislature
I was staff for the nursing home reimbursement bill. I staffed the bill from initial hearings to the point where it was signed into law.

1977 Teaching Assistant Economics Department, The Ohio State University

1974-1976 Cannery Worker Agripac Eugene Oregon
While an undergraduate, I was a union worker (Teamsters) on graveyard shift at an agricultural co-op owned by local farmers

Research Activity

Current Research

I am working on the third year of a three year grant from HIMSS and AUPHA. We are developing a series of modules to assist in teaching MHA students Healthcare Information Technology. At this point we have developed specifications for the modules, awarded contracts, and are now reviewing the completed modules. These modules will be available from HIMSS to any faculty member that is interested. The purpose is primarily to help adjuncts more quickly develop the range of knowledge expected in an MHA course.

HFMA Healthcare Financial Management Association.

I have been a member since 1995. In recent years I've attended several state events every year. I was formerly Chair Student Membership committee, Bluegrass Chapter. My project that incorporated HFMA's emembership for students into classroom teaching won a Yeager award from HFMA for innovative practices in Healthcare Financial Management in 2008. I continue to have students sign up for the free emembership as part of coursework. I frequently have students accompany me to statewide meetings.

HIMSS Healthcare Information and Management Systems Society

I have been a member since 2002. I have attended the last 9 national meetings, including meetings of faculty prior to the main sessions. I have had two students accompany me to the

annual meetings, and I continue to encourage student involvement. I have had three items in the society's journal and I present once at the meeting of the faculty network. I currently am working on a grant funded primarily by HIMSS.

Accreditation and Certification Efforts

At Weber State University

I am participating in the process of achieving accreditation by the Commission on Accreditation Healthcare Management Education (CAHME) for the MHA program at Weber State.
