

TO: Automotive Technology Majors (Upper Division)  
FROM: John Kelly  
SUBJECT: Advantage Technical Resourcing Scholarship  
DATE: September 19, 2011

I am pleased to announce that Advantage Technical Resourcing (Ford Technical Assistance) will offer a \$1,000 scholarship for Automotive Technology majors during the 2011-2012 school year.

Applicants must have upper division status in the automotive program, and the expressed intent to pursue a career in the automotive industry. The recipient will be selected by faculty review, based on the criteria listed on the application.

The award will be provided for spring semester 2012.

Advantage Technical Resourcing (formerly TAC Automotive Group) employs many WSU Automotive Technology graduates, usually at the Ford Dealer Technical Assistance Hotline in Dearborn, Michigan. Many of these employees are then hired by Ford for positions throughout the country such as Field Service Engineer. Advantage Technical Resourcing also offers practicum opportunities with the Ford Technical Hotline.

On behalf of the Automotive Technology Department, we express thanks to Advantage Technical Resourcing Group for their support of Automotive Technology at Weber State University.

**Terms of Application**

This scholarship is intended to recognize and assist deserving students in the **Automotive Technology** Program at Weber State University. The recipient will be awarded \$1,000, to be applied toward tuition. No other expenses of any kind are to be paid with this scholarship. If an award recipient transfers out of the program during the award period or is enrolled for less than full time credit, the recipient will relinquish all rights to the balance of the award.

Applicants must attach:

- A brief typewritten essay describing accomplishments while at WSU, and how their degree in Automotive Technology will be used after graduation.
- A brief statement and/or documentation about financial resources.
- A copy of the most recent WSU transcript.

Applicants must be enrolled in WSU at the time of the application.

Applicants must express the intent to complete a Bachelors degree in **Automotive Technology**.

Applicants will be judged on (in order of importance):

- United States citizen or legally permitted to work in the USA.
- Perceived potential for success in the field of Automotive Technology.
- Excellence of academic record – minimum 3.0 GPA (exceptions possible).
- Financial need.
- Diversity (Ethnic, Racial, Gender, Physically Challenged, etc).
- Participation in activities beyond the classroom that are germane to their Automotive Technology major.

I understand that this is not a scholarship offer, but only an application to be considered in scholarship competition if minimum qualifications for the award have been satisfied. I understand that withholding requested information or falsification of this information may result in denial or loss of scholarship.
