

Vision

The Dr. Ezekiel R. Dumke College of Health Professions will be the premier healthcare college for students, faculty, staff, and community by meeting their evolving needs through traditional and innovative methods.

Mission Statement

The Dr. Ezekiel R. Dumke College of Health Professions will meet workforce needs by committing to the establishment, promotion, and evaluation of standards of excellence in health care professional education. The college will continue to provide opportunities to meet, communicate, collaborate, and partner with the healthcare and academic communities.
