The following is a **sample** four-year schedule of required classes. These classes can be interchanged to suit your scheduling requirements, but all courses must be completed. You may need to adjust the Math (QL) courses based on your required math class at Weber State. Check with major/minor depts to determine which QL course is required.

Please see your **college advisor** as well as follow WSU Breadth Area requirements when selecting the HU, CA, SS, PS and LS courses. You can access this information on the web at departments.weber.edu/aac. Your specific teaching major and teaching minor will require additional classes. You will need to work closely with your major and minor advisors.
