

FIRST YEAR EXPERIENCE
ACTIVITY WAIVER AGREEMENT FOR MENTORS

TO ALL ACTIVE MENTORS:

Please read this sheet carefully and make certain that you understand the conditions affecting the activity waiver before going to your student portal to accept any activity waiver from First Year Experience.

ACTIVITY WAIVER – FYE MENTORS

Activity waivers are given to eligible FYE mentors who have been assigned to mentor in an EDUC 1105 class during the current semester (summer, fall, or spring). Please keep in mind that the section must have a high enough enrollment so that the class will be held. The conditions of the waiver are as follows:

- A. Mentors become eligible for activity waivers after completing one semester's service mentoring in EDUC 1105 and taking EDUC 3170. There is no financial compensation during that first semester. Compensation will be awarded for second or future semesters. A break in service is permitted; service for consecutive semesters is not required.
- B. Mentors must be enrolled for and complete a minimum of 12 credit hours for the semester in order to receive the activity waiver. Dropping below a minimum of 12 hours or failure to complete mentoring may require repayment of current semester waiver.
- C. It is the responsibility of the student to maintain the minimum cumulative grade point average of 2.50 in order to keep the activity waiver. Dropping below the minimum will result in loss of the waiver. Notification will not be made by Scholarships or FYE.
- D. Activity waivers are for resident tuition only and do not include the student fees or other special fees assessed by the university. Activity waivers will not cover independent study, distance learning/contract courses, credit/no credit or audit course work.
- E. WSU funding in the amount of one full tuition waiver will be allowed during any semester: If a mentor is receiving scholarships covering part of tuition, the full amount of the FYE activity waiver that has been awarded may not be able to be used.—Be sure to check with Scholarships to verify the funding due.
- F. In the event that medical conditions or other circumstances beyond the mentor's control prevent the completion of these terms, mentors must notify the coordinator of the First Year Experience program. Mentors may then request assistance from the Scholarship office.

Failure to comply with the above conditions will result in the withdrawal of the activity waiver.
