

# WSU/USU Cooperative Nursing Program

4/1/09

## Important Items to consider:

- 1] This is a Weber State University Program.  
\*Scholarships once admitted to the program are through WSU. Good idea to apply for scholarships through USU and WSU. If admitted to the program scholarships from USU will not work for the WSU Nursing program. WSU Scholarship deadline for Fall 2010 is in January 2010. Scholarship phone number at WSU is (801)626-7569. Recommended to get in touch with them if interested in scholarships.
- 2] Financial Aid (Apply for financial aid through WSU Financial Aid Office.)  
WSU is the lead institution with the program. If admitted to WSU Nursing Financial Aid comes through WSU. If you are not admitted to WSU nursing then you can work with USU Financial Aid Office to use at USU while waiting to reapply, etc. Financial Aid phone number is (801)626-7569.
- 3] If on a USU athletic scholarship or any other scholarship that requires you to take 12 credit hours through USU will not work for this program. USU Scholarships do not work for WSU Nursing. Can not have 12 hours through USU and 12 hours through WSU. Check WSU website for scholarship deadline dates.
- 4] This is a 2 year Associate Degree RN program (not a BS program. RN to BSN is another level and is another 3 to 4 semesters after the completion of this program. The RN to BSN program is offered in a “hybrid delivery” model which would require students from the Cache Valley to travel to Ogden every 3<sup>rd</sup> week during each of the semesters.
- 5] Equivalent to an Associate Degree at Utah State University is the Letter of Completion (60 hours and all USU Gen. Ed completed). Registrars Office or satellite advising offices (HASS, College of Science, etc.) Must turn in form to WSU Admissions and to WSU Nursing (not just one place, both).
