Our assumption from earlier also means that you should have heard/ read/ seen all of this by now.

Project Lead is coming up. Aletheia will sponsor three more students, so please let us know your interest in attending.

We are joining with the Honors Program on October 27 at 9:00 A.M. at the Ogden Nature Center on 12th street in Ogden, near the freeway.

A Book Group is being held in November. Have you scheduled time to read your book?

Scholarships. This is the only thing we have never, at any time, communicate to you. You should know how to keep the Presidential Scholarship while you are enrolled in school, but what about when you take off for 2 years or 18 months? You need to communicate with Dana your plans to do so. She will guide you through the process. Otherwise, you can leave, come back, and find that your allotted money has disappeared! Talk to Dana, she can help you before you go.

Parking Passes are no longer in the Administration building. They are in the Parking Services building near the Browning Center. They are year-long passes, so if you decide in the Spring that you want one, you can find them there. If you can find three spelling errors in this issue, I will give you a candy bar or a piece of fruit. Your choice.

As I mentioned, we want to know that you are hearing from us.

Thank you for your time!

-Karren Gossner
WSU Honors Program

There are three ways to graduate with Honors. You can do one or all three.

1. General Studies
2. Departmental Honors
3. University Honors

Marilyn Diamond (library 225) would love to explain these to you.

Benefits of the Honors Program:

- Honors Center Computer Lab.
- Free Printing
- Refrigerator, Microwave
- Free drinks
- Book Scholarships (subject to application deadlines)
- Travel Scholarships (subject to application deadlines)
- Social Events
- Service Projects
- Food For Thought
