ATTENTION
Concurrent Enrollment SENIORS!

Weber State University has now made it easier for you to make the transition from a high school concurrent student to a fully admitted WSU student. You don’t need to reapply for admission, simply follow these easy steps:

1. Log in to your eWeber student portal at weber.edu
2. Click on the Admissions tab, or search for “Status Switch”. You will see a light-switch icon. Click on the icon.
3. Complete the questions and you’re done!

After completing the switch:

- You’ll still be eligible to register for concurrent enrollment classes for spring semester
- You’ll be eligible to apply for financial aid and additional scholarships
- Your academic profile in your eWeber portal will still list ‘concurrent enrollment’ as your class standing until after high school graduation
