

GEOGRAPHY

COLLEGE OF SOCIAL &
BEHAVIORAL SCIENCE

weber.edu/geography

TOP 5 REASONS TO MAJOR IN GEOGRAPHY

- 1 Employment:** a diverse and growing list of careers both locally and globally has made the geography job market its best in 40 years.
- 2 Technology:** the U.S. Department of Labor recently named Geospatial Technologies (GIS) one of the three most important of the 21st century.
- 3 Internships:** many of our students gain real-world experience, pay, and college credit through internships.
- 4 Flexibility:** geography students enjoy a choice of a dozen emphases, more electives than any major, and day, evening, and on-line classes.
- 5 Faculty:** top-notch faculty mix their research and publishing with field trips and classroom teaching in a personal educational environment.
