West Africa Village Bicycle Project Fall Bike Drive and Bike-a-thon Fundraiser

10:00 am Saturday, October 9   WSU Campus Loop

The Village Bicycle Project, WSU Geography Dept., Ogden Bicycle Cooperative, and Ogden Youth Impact are working together to ship 50 bikes to villagers and health care workers in Ghana and, or Togo, West Africa. WSU geography and health science students will travel to Ghana next spring to work with community health practitioners and distribute bikes. The service-learning project links local Utah communities with those in Ghana and, or Togo* in an effort to provide foreign assistance and cross-cultural exchange.

* We’re assisting the Village Bicycle Project in Ghana to expand into Togo (www.villagebicycleproject.org).

Help WSU Students help Villagers in Ghana and Togo, West Africa!
Financial contributions may be run through the WSU Development Office:

- $75 provides a bicycle for a villager in Ghana
- $100 provides the same in Togo

Your financial contributions to this student service-learning project supports student travel expenses, study abroad course fees, and other project expenses. Tax deductible donations (of any amount) may be made on-line at www.weber.edu/give. Click on “Give Online” then select “OTHER” in the drop down menu and type in “Ghana/Togo bikes.”

Send donation by check to:
Weber State University Development Office
4018 University Circle
Ogden, UT 84408-4018
Please include “Ghana/Togo bikes” in the check memo line

You may also donate a bike, bike parts, and/or your time to repair other bikes. Donated bikes and parts can be dropped at the start or any time at the Ogden Bike Co-op on Wall Ave. just south of 24th St.

If you would like to help raise funds during the bike-a-thon, please complete a registration form and begin gathering pledges. We ask for a minimum $2 pledge for the 1 mile lap around campus and hope that most riders will complete one or two laps (10 lap maximum). Bike-a-thon start will be in the northwest corner of the campus (lawn just west of the A-1 parking lot or Social Sciences Bldg.).

For bike-a-thon registration and further information please contact
Bryan Dorsey, WSU Prof. of Geography
