Do you have the opportunity to do what you do best every day?

Chances are, you don't. All too often, our natural talents go untapped. From the cradle to the cubicle, we devote more time to fixing our shortcomings than to developing our strengths.

By focusing on your strengths you can be more actively engaged at work. StrengthsQuest will teach you how.

WHAT IS STRENGTHSQUEST?

StrengthsQuest, (Yep, it's one word!) is Gallup's strengths development program for colleges and universities and gives students, staff, and faculty the opportunity to develop strengths by building on their greatest talents – the way in which they most naturally think, feel and behave as unique individuals.

Your StrengthsQuest journey begins with a 30-minute online assessment, the Clifton StrengthsFinder.* This assessment has helped more than 5 million people around the world discover their talents.

After you take the Clifton StrengthsFinder, you'll receive a customized report that lists your top five talent themes, along with action items for development and suggestions about how you can use your talents to achieve academic, career, and personal success.
