

## **JULY 22, 2010 "A" PARKING PERMIT LOTTERY UPDATE**

Once again, all "A" Parking Permits were sold out to Senior Students this year. Those students who received an "A" Permit from the lottery should already have the charge added to their student account. Please make payment for your permits by August 2nd, by using the "Pay for Your Parking Permit" link, located on the same web application page where students entered the lottery. After the permit has been paid for it can be picked up at Parking Services, annex 5. Parking Permits are NOT mailed out. Please bring your W# and picture ID.

Anyone wishing to purchase "W", "RW" or "Dee Center" permits can access this same site beginning Monday, August 2nd . In order to avoid long lines, order and then pick up your parking permit early.

### **Important Information Regarding 2010-2011 Permit Sales**

Parking permits are sold on-line using the Parking Services Web Applications. To access the web applications each person must log into their e-Weber account. This can be done from the Weber State homepage. After logging in, please click on the Student Services tab. Our channel default location is in the bottom left hand corner of the page. This is where you will register and then pay for your permit. Once the permit has been paid for, you may come to Parking Services to pick it up, our office hours are M-F from 6:30am-4:30pm.

Once again, as a result of the student senate proposal and request, Parking Services would like to announce that the 2010-2011 "A" permits will be offered using random assignment to those that are eligible. Qualified seniors (those currently enrolled in Summer or Fall classes and have at least 90 semester hours earned and posted) will have an opportunity to enter the lottery between July 8th, beginning at 12 noon, and July 19th at 12 noon by clicking on the "Senior Permit Lottery Registration" link. Once in the lottery module qualified seniors will be given the chance to make a ranked preference for "A" permits that are available. On or about July 22nd, parking will initiate the lottery that will randomly assign permits to seniors. Once the permit assignment has been made the charge for the permit will be added to the student banner account. Students will have until August 2nd to make payment for the permit, by using the "Pay for Your Parking Permit" link, after which time it can be picked up at Parking Services. Last year the outcome of the lottery resulted in all "A" permits being sold out. We will post the results of the lottery and any information related to remaining permits on the parking web site: <http://weber.edu/parking/>

Anyone wishing to purchase "W", "RW" or "Dee Center" permits can access this same site beginning Monday, August 2nd . In order to avoid long lines, order and pick up your permit early.

Once you access the "Order Your Parking Permit" site you will be prompted to select an existing vehicle, or to add a new one. Once the vehicle information is entered, you will be asked to select the permit type for purchase (all available lots will appear in a drop down window). At the completion of the parking registration process you may select the "Pay For

Your Parking Permit" button and complete the process, or you may pay later, but keep in mind that payment must be made in full before the permit will be released. Citations for parking violations are issued beginning with the first day of school and failure to pay for your permits will not negate your responsible to properly display a valid permit. Your purchase is not complete until the permit is paid for and picked up at Parking Services.

Parking Rules and Regulations require that all citations be paid prior to permit purchases. If you have outstanding citations you can pay those on-line. You will see the "Outstanding Citations" as well as the "Pay Your Parking Citations" link on our portal applications page below the permit registration option.
