Kindermusik for Young Children

Kindermusik is a very unique music program designed by early childhood specialists to provide creative, fun, and meaningful music-learning experiences for young children at specific ages and development. Kindermusik educators believe in a "holistic" approach to child development. Kindermusik program encourages and fosters children's development in movement, coordination, language, critical thinking, and social skills through a complete musical experience.

"**Imagine That**", for children ages 3 and 1/2 to 5, and "**Kindermusik for the Young Child I**", for children ages 5 to 7, will be offered at the WSU Piano Preparatory Program in Fall 2015. In these classes, children learn to sing, move, chant, draw pictures with music, play simple instruments, read and write elementary music notation, experiment with early ensemble experience, and listen to music in a meaningful way.

Instructors

Kindermusik classes can only be taught by licensed Kindermusik teachers who have successfully completed training in teaching the Kindermusik curriculum. Instructors at the WSU Kindermusik Program have been certified to serve as Kindermusik instructors at all levels of the curricula.
