

WHAT ARE DEVELOPMENTAL COURSES?

Developmental courses are foundational classes offered to help students learn what is needed to successfully complete WSU's Composition and Quantitative Literacy requirements. Developmental courses (with the exception of Math 1010) are not calculated in your grade point average or graduation credits.

Students requiring developmental course work pay a developmental fee each semester until they have successfully completed their developmental courses. This fee helps pay for services that support students taking these classes.

NAVIGATING WEBER STATE UNIVERSITY'S ASSESSMENT AND PLACEMENT POLICY

At Weber State University, we not only want to see you succeed, we want to help you achieve your goals. One of the first steps we can take together is to make sure you have the foundation you need to do well in your college-level courses.

WSU's Assessment and Placement Policy outlines the ways we match your knowledge with appropriate math and English classes, two subjects that can often cause anxiety.

Based on whether or not you've taken the ACT* and the subject scores you received, you may be required to take one or more Accuplacer assessment tests. Accuplacer is an assessment tool used by more than 1,200 colleges nationwide to determine students' knowledge and skills in math, reading and English.

Using your Accuplacer scores, we can be sure the classes you sign up for are the right fit and will get you started on the path to success.

* If you took the SAT, contact Admissions at 801-626-6743 to convert your scores to ACT scores.

HAVE QUESTIONS ABOUT...

...Your Weber State University admissions letter or whether or not your ACT or SAT scores were received by WSU? Contact Admissions at 801-626-6743.

...The Assessment and Placement Policy, an Accuplacer-related registration hold, or your math or English course placement? Contact the Student Success Center at 801-626-6752 (option 5).

...Courses you need to take to complete your program of study? Use the many online resources available at weber.edu and contact your academic advisor. A list of academic advisors is available at weber.edu/ssc/academicadvisors.html. You can also call the Student Success Center at 801-626-6752 (option 5) for your program advisor's name and contact information.

**WEBER STATE
UNIVERSITY**

DO I NEED TO TAKE ACCUPLACER?

You need to take the Math Accuplacer if:

- Your ACT Math score is 22 or below OR
- Your ACT scores are over 2 years old OR
- You did not take the ACT*

You need to take the Reading Comprehension Accuplacer and the Sentence Skills Accuplacer if your ACT scores are over 2 years old or you did not take the ACT.* If you are a non-native English speaker and your English or Reading ACT is 16 or below or you did not take the ACT*, you will need to take the Reading Skills ESL Accuplacer and Language Usage ESL Accuplacer.

If you are required to take one or more Accuplacer tests, you should do so as soon as possible. If you do not take them, a registration hold will prevent you from registering for classes.

*If you took the SAT, contact Admissions at 801-626-6743 to convert your scores to ACT Scores.

WHAT MATH AND ENGLISH COURSES AM I REQUIRED TO TAKE AND WHEN?

If you place into a class that fulfills the university's Quantitative Literacy requirement AND into Introductory College Writing (ENGL 1010), you can register for the math and English courses required of your program of study. The following five courses (or any WSU course with MATH 1050 or 1080 as a prerequisite) will fulfill the Quantitative Literacy requirement:

- MATH 1030 (Contemporary Mathematics)
- MATH 1040 (Introduction to Statistics)
- MATH 1050 (College Algebra)
- MATH 1080 (Pre-calculus)
- PHIL 2200 (Deductive Logic)*

Check with your major advisor to determine which Quantitative Literacy option is most appropriate for your program of study.

*WSU students who are anticipating transferring to another institution within the Utah State Higher Education System should fulfill Quantitative Literacy (QL) with one of the approved math QL courses rather than PHIL 2200 (Deductive Logic). PHIL 2200 will not be accepted in transfer as a QL course by another Utah public institution of higher education.

WHERE CAN I TAKE ACCUPLACER?

We offer the Accuplacer tests at the following WSU locations:

WSU Ogden

Lampros Hall Testing Center
Room 110
801-626-6645

WSU Davis

Testing Center
Room 215
801-395-3495

WSU West Center

Testing Center
Room 114
801-689-4007

Visit weber.edu/testingcenter for information on test hours, costs and descriptions. If you live more than 50 miles away from WSU and need to arrange an alternate testing site, call 801-626-6645. Scores from Accuplacer tests taken at non-WSU testing centers may not be accepted. Contact the Testing Center at 801-626-6645 for more information about approved alternative testing sites.

If you place into developmental math (Math 0950, 0955, 0960 or 1010) and/or developmental English (English 0900 or 0955), you need to:

1. Begin your required developmental course work within your first two semesters, and
2. Continue in your developmental math and English course work each semester until you have completed those courses required of your program of study with a grade of "C" or better

You must meet these two requirements or a registration hold will prevent you from registering for any classes. To clear the hold, you must complete the online student information module about WSU's Assessment and Placement Policy. These restrictions do not apply to summer semester.

Non-native speakers of English who place into developmental English should contact the Learning English for Academic Purposes (LEAP) office in Elizabeth Hall room 207 or at 801-626-6028 for advisement regarding your most accurate placement.

If you are not sure into which math and/or English course you have placed, please refer to the Assessment and Placement Standards document available at weber.edu/testplacement and/or your Accuplacer test score sheet.
