### Students will Record Service Hours with their Fingertips

**New this Fall 2010 semester!** Touch screen monitors will now act as Community Involvement Center check-in/check-out stations at 12 community organizations. WSU students serving in these organizations won’t have to worry about getting time logs signed any more. They can simply touch a screen to check in and out of their community-based learning site. Their service hours automatically get recorded in the CIC service hours database and then the CIC staff reports your students’ hours to you.

**Locations with Touch Screen System:**
- Boys & Girls Club (Marshall White)
- Ogden Nature Center
- Catholic Community Services
- Ogden Rescue Mission
- Cottages of Hope
- OWCAP
- CARES – VIP (Heritage Elementary)
- St. Anne’s
- LDS Cannery
- YCC
- McKay Dee Hospital
- Youth Impact

Put the CBL Designation on Your Course

The CBL designation on courses stands for Community-Based Learning and announces to students at the time of registration that the course involves a community-based learning teaching strategy, such as service-learning or community-based research. Any existing course at WSU can apply for this designation.

The CBL designation automatically registers your course with the CIC which in turn provides support to you and your students.

Use the online form at http://www.weber.edu/CommunityInvolvement/cbl_form.html to submit your application and course syllabus.

Deadline for courses taught during Spring 2010 semester is September 20, 2010. For more information go to: http://www.weber.edu/CommunityInvolvement/CBL_Designation.html

AmeriCorps

AmeriCorps is a national service program initiated by President Clinton, often referred to as the "domestic" Peace Corps. Students engage in service activities and report time and progress to the Community Involvement Center. At the end of the service, students exit the program and receive a scholarship. There are three scholarship amounts, correlating to three different service terms:

- 300 hours in one calendar year = $1,000
- 450 hours in one calendar year = $1,250
- 900 hours in up to two calendar years = $2,363

Your community-based learning students are excellent candidates for the AmeriCorps program. For more information call Patrick Hampton at the CIC at 626-7737 or go to: http://www.weber.edu/CommunityInvolvement/Americorps.html.

Adrian L. Maxson Scholarship and Concert

In honor of his life and his activism, the Adrian Maxson Scholarship has been established at Weber State University for students who are engaged politically, socially and creatively in the community. Please encourage your most outstanding students to apply by February 25, 2011. For more information or to make a donation go to: http://organizations.weber.edu/AdrianLMaxsonScholarship.

Join us September 10, 2010 at 7PM in the Val A. Browning Center for a benefit concert to raise scholarship funds. More information available at the scholarship website listed above.
