

WHERE ARE THEY NOW: SAM ZEVELOFF AND TIM STAMPS

DOERR DUO REUNITED

Left to right, are Sam Zeveloff, Linda Zeveloff, Sharon Stamps, and Tim Stamps. We got together at our daughters' graduations from the University of Virginia this Spring. Ours, Susannah, graduated with a B.A. in Anthropology; the Stamps' daughter Sarah received her M.D.. Tim and I were Phil Doerr's first graduate students (numbers 1 and 2 respectively). Tim is a Wildlife Biologist on the Marine Corps Base in Quantico, Virginia; I'm the Department Chair and a Zoology Professor at Weber State University in Ogden, Utah. This was the first time we had seen each other in over 30 years!
