

Weber State University

**Environmental Issues Committee**

presents

# Dr. Brian Moench

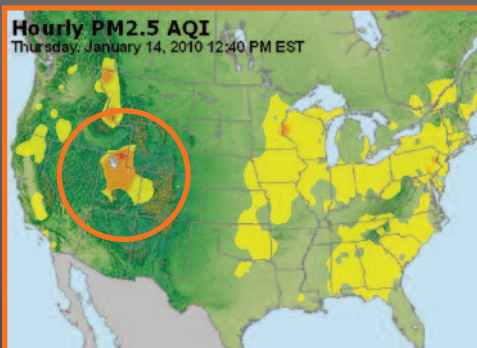

Utah **Physicians** for a Healthy Environment

Monday / **January 25th** / 7:00 PM

**Dumke Legacy Hall / Hurst Center / WSU Campus**

YOU ARE WHAT YOUR **GRANDPARENTS** INHALED.  
YOUR **GRANDCHILDREN** WILL BE WHAT YOU INHALE.

**DR. MOENCH WILL SPEAK ABOUT THE THREATS UTAH'S AIR POLLUTION  
POSES TO OUR HEALTH AND THAT OF FUTURE GENERATIONS.**

**OVER 2,000 STUDIES IN THE LAST TEN YEARS  
HAVE SIGNIFICANTLY BROADENED OUR  
UNDERSTANDING OF THE PUBLIC HEALTH  
CONSEQUENCES OF AIR POLLUTION.**

**THE THREAT IS MUCH GREATER THAN WE  
PREVIOUSLY KNEW. HEART AND LUNG DISEASE ARE JUST THE TIP OF  
THE ICEBERG. THE NORMAL DEVELOPMENT OF THE HUMAN EMBRYO  
AND THE INTEGRITY OF OUR DNA ARE THREATENED BY LEVELS OF AIR  
POLLUTION THAT WE BREATHE HERE IN UTAH EVERY DAY.**
