WSU TODAY

Students’ Research Earns National Honor Once Again
A group of students at Weber State University has received national recognition for research in the field of child and family studies.

Major Fest Helps Students Plan Future
Weber State University’s Major Fest 2006 will be held Nov. 1 from 9 a.m. to 1 p.m. in the Shepherd Union Gallery. The event is aimed at helping current WSU students decide on programs of study.

Students to Make a Difference with Trick-or-Treat Activity
Weber State University students will be trick-or-treating early this year.

Size and Locations

Campus
150 acres in Ogden
54 acres in Layton

Student Body
18,000+ students
5,000 online students

Locations
CAMPUSES
WSU Ogden • WSU Davis

CENTERS
West Center • Morgan Center • Teaching & Learning Center

OPTIONS
WSU Online • Independent Study • Distance Learning

Two campuses, three community learning centers, along with evening classes, distance learning, independent study and an ever-expanding WSU Online course selection, makes it easy to get your WSU education without giving up your life.
Partnerships with community clinical facilities and programs that integrate basic sciences, liberal arts, clinical experiences, and discipline-specific skills and knowledge will enable you to provide excellent patient care in your chosen field. Traditional classroom and distance education programs serve students and the health care community statewide.
The College of Applied Science & Technology (COAST) offers:

- Good preparation for employment
- High starting salaries
- Excellent placement rates
- Wide program variety
- Different delivery methods: Classroom, online, correspondence
- Convenient locations: Ogden, Davis, Salt Lake
- Two- and four-year degrees in all programs
- Day & evening classes

- Continuing Education
- Professional Development
- 2 + 2 Program Structure
- Undergraduate Research
- Tech Math Lab Tutoring

Local High School Students

- Project Lead the Way
- Math, Engineering, Science Achievement

Special Events

- 2006 ETLI Conference
- PWTL, Utah Counselor’s Conference Evaluation

“Whether networking with computers or networking for jobs, WSU has helped me with both.” - McKay Cowdin ’05
The College of Arts and Humanities, the largest college at Weber State University, is organized into five departments: Communication, English & Literatures, Foreign Languages & Literatures, Performing Arts and Visual Arts.

Our programs are designed to help students gain a thorough understanding of cultural and aesthetic heritages and to prepare you for employment opportunities that take advantage of skills developed through a rigorous study of humanities.

If you are a prospective student and have not yet been admitted to WSU, please visit our admissions site.
The College of Science. 7 departments. 428 classes. Infinite possibilities.

Science is more than math and labs. In a science program you may crunch numbers, or you could be surrounded by test tubes and pipettes, but you’d also do so much more. Scientific research thrives in an atmosphere of creativity, collaboration, and exploration in and out of a lab. Do you have what it takes to join us? Are you curious? Inventive? Ready to change the world? Are you a leader? Entrepreneur? Could you be famous? Are you up to the challenge?
The John B. Goddard School of Business & Economics has a reputation for providing real educational value. Our programs are personalized, flexible and thought provoking. In the Goddard School, small classes and a curriculum oriented toward real world applications give our students a chance to work closely with professors. Our students are career minded. Indeed, over 90 percent of our students work while attending the Goddard School. Our MBA program is designed for working executives and professionals. Evening scheduling and a unique combination of the classroom and Internet instruction allow working students to earn their MBA in 12 to 16 months.
The College of Social and Behavioral Sciences is composed of several departments. Each department provides a unique avenue to academic, professional, and vocational competence.

The departments of the College of Social and Behavioral Sciences include Aerospace Studies, Criminal Justice, Geography, History, Military Science or ARMY ROTC, Naval Science, Political Science and Philosophy, Psychology, Social Work and Gerontology, Sociology and Anthropology, and Women Studies.
