GET INTO WEBER

A message from a Weber State alum … Our new president!

Before I was Weber State's president, I was a Weber State student, so I've seen firsthand how this university puts students first. Our professors are dedicated to giving you the personalized education and competitive edge you need for a successful career. As your president and fellow Wildcat, I'm committed to providing you with the flexibility and real-world opportunities you need to build your future — whether you're just starting college or returning to finish your degree. I look forward to meeting you and seeing where WSU takes you!
