

STUDENT TEACHER LICENSE

Student Teachers are required to procure a Student Teacher License from the Utah State Office of Education (USOE) prior to the requesting of a student teaching assignment. All applicants are now required to apply with the USOE (on-line) for their individual student teaching license. *All student teaching placements will not be released until applicants have presented their student teaching license to the Office of Clinical Practice.*

As you go to the following link you will be directed to the USOE web site where you will complete the on-line Student Teacher License by clicking the link "Student Licenses". As you will note going through the online steps, there is a \$20.00 cost that will need to be completed by usage of a credit/debit card. If you do not have a valid background clearance you will not be able to complete the license application.
