BSL Level Nursing Electives: are all offered online

Please be aware of these other requirements:

- **A total of 40 hours of Upper Division credit hours** are required for all BS Degrees at Weber State University:
  - For students who graduated from a Regionally Accredited Associate Degree (AS) programs the following applies:
    - Approximately 3 hours of Upper Division elective credit hours to reach the 40 credit hours needed for a BS Degree through Weber State University (25 BSN Nursing hours, 12 “Experiential Credit” credit hours from previous nursing AS course work and 3 hours of an “Upper Division” elective credit).
  - For students who graduated with an Associate of Science AS (RN) Degree out of State (non-USHE) that is Regionally accredited or an Associate Degree (RN) from a School or College that is NOT regionally accredited and whose credits are non-transferable for their AS (RN) program the following applies:
    - Must have an AS Degree in General Studies or something (or higher) from a regionally accredited college or university to be eligible to apply. If not, you must earn an AS Degree (including meeting the Diversity and AI requirement) to be eligible to apply for the WSU RN to BSN program. There will not be any “experiential credit” granted towards the Upper Division as none of the credits from non-Regionally Accredited Colleges or Universities transfer. Therefore, if admitted, 15 hours of additional Upper Division credit hours will be required through a regionally accredited college or university to meet the 40 hours of total Upper Division required.

- Transfer students admitted to the program will be required to fulfill the 30 hours of “Residency Credit” required for a BS Degree at Weber State University (25 BSN Nursing + 5 additional hours = 30 hour residency).

- Students entering with less than 92 (or 95 if the Upper Division 3 hours of Elective Credit have already been met) semesters hours must be prepared to complete extra course(s)/credit(s) to meet the Weber State University requirement of 120 total hours. Students are responsible for review of personal records and knowledge of individual requirements for graduation.

Please note: Admitted applicants must have documentation of personal health insurance.
