

# FINAL EXAM SCHEDULE

## Summer Semester Classes 2021

### Schedule

There are three days of Summer Semester Final Exams. They are held between Monday, August 16 and Wednesday, August 18. All exams are scheduled for 1 hour and 50 minutes. Block classes and Saturday-only classes will hold their final exam on the last day of class during the class period. Exams will be held in the same classroom as the course unless otherwise scheduled by the instructor.

Students and faculty should check the following table carefully using the Class Start Time and the Class Days for the Exam Day and Time for all classes. If a student has conflicting exam times, the instructors should use the designated Conflict Exam Time or provide an alternative exam.

### Conflict Exam Times:

- Monday, August 16, from 5:00-6:50 pm.
- Wednesday, August 18, from 3:00-4:50 pm.

### Note:

- Classes meeting four or five days a week will follow the MWF schedule.
- Examination hours for classes involving lecture and laboratories are determined by the hours scheduled for the lecture.
- Examinations for **Block** classes that begin and end on dates different from the start and stop dates for the standard 15-week semester (including Saturday classes) will be given during the last regular class periods.
- Questions concerning the final exam schedule, and requests for room reservations for final examinations, should be referred to the Scheduling Office, 801-626-6052.

### **Final Examinations, Policies and Procedures Manual (PPM) 4-21, stipulates that:**

A. Except as otherwise provided in this paragraph, comprehensive final examinations are to be given only during the designated examination period for each term. These periods are scheduled by the University and not by the individual instructor. Comprehensive final examinations shall not be given during the week preceding the designated examination period for each term. Courses exempt from this policy are graduate courses, online courses, courses that meet only once a week, 1 – 2 credit hour courses, courses that use performance as a final assessment, and courses that use a laboratory experience as a final assessment. Make-up examinations and/or non-comprehensive exams previously scheduled on the syllabus may be given. However, at least five calendar days must separate a terminal course exam and a comprehensive final examination.

B. Students with special needs should make arrangements with their instructors. (For A.D.A. concerns, refer to PPM 3-34).

Class Start Time	Class Day(s)	Exam Day	Exam Time
7:00 or 7:30 AM	M-F, MWF, MW, M, W, F	Monday, Aug 16	7:00-8:50 AM
