Please accept this letter of application for the Marketing Assistant position listed on your organization's website. I am motivated to pursue a career in the non-profit sector based on my past volunteer experience and feel confident in my abilities to help the American Red Cross succeed.

As a student at Weber State University, I participated in several local Habitat for Humanity projects and witnessed the completion of two separate homes built for families in need. Through a marketing campaign I designed and collaborated with other students, I helped Habitat for Humanity raise an extra \$500 to purchase small toys for the children who would move into the new homes. Observing and working closely with the site leaders taught me the significance of recruiting, motivating and retaining volunteers in the nonprofit world, and piqued my curiosity in the industry.

My experience as the Social Coordinator of the Weber Associates of Marketing (WAM) club also required me to develop effective and creative communication strategies to achieve success with my teams. For example, leading WAM as Social Coordinator required me to schedule, plan and promote several recreational activities for approximately 50 members. These skills and experiences provide me with a level of maturity and a propensity for thinking on my feet, which will make me an asset to the American Red Cross.

Thank you in advance for your consideration. I hope to be given the opportunity to contribute to the growth and success of your organization. My resume is enclosed for your review. Please contact me by phone (801) 365-2975 or by email at johannasenior@mail.weber.edu if you have any questions about my application materials or wish to arrange a meeting. I look forward to hearing from you soon.
