# ATTENTION
Concurrent Enrollment SENIORS!

Weber State University has now made it easier for you to make the transition from a high school concurrent student to a fully admitted WSU student. You don't need to reapply for admission, simply follow these easy steps:

1. Log in to your *eWeber* student portal at **weber.edu**

2. Click on the Admissions tab, or search for "**Status Switch**".
   You will see a light-switch icon. Click on the icon.

3. Complete the questions and you're done!

After completing the switch:

- You'll still be eligible to register for concurrent enrollment classes for spring semester

- You'll be eligible to apply for financial aid and additional scholarships

- Your academic profile in your *eWeber* portal will still list '*concurrent enrollment*' as your class standing until after high school graduation
