

Using Canvas Collaborations

All face-to-face courses have a corresponding Canvas course so you can set up shared workspaces for your students quickly.

Required technology:

- A laptop
- A Google Account (like your weber.edu account); each collaborator will require a Google Account (like the student mail.weber.edu account)
- Connected Google Drive as a [registered service in Canvas](#)
- Ensure Collaborations is visible in your course

Quick-start Guides on using Canvas Conferences:

- [What are collaborations?](#)
- [How do I create a Google Docs collaboration as an instructor?](#)
- [How do I create a Google Drive collaboration as an instructor?](#)

Please contact us at WSU Online Canvas Support if you have any questions about using Conferences in Canvas.
