“Sentinel” Scholarship for Non-Traditional Students

Sentinel Scholarship Vision

As a way to honor the value of a science degree as gatekeeper to the future, to knowledge and to opportunity, the vision of this fund is to help non-traditional students who may need encouragement and extra support to finish their college degree in their junior or senior year of school. The donors wish to provide a unique and direct way of impacting a non-traditional student who shows promise in graduating and does not meet the requirements for traditional funding through other financial aid.

If a student meets the following criteria they should meet with a faculty advisor to discuss their situation to be considered as a candidate to be nominated for the Sentinel Scholarship.

To be eligible for scholarships and financial aid, students must complete a FAFSA application through the eWeber portal.

Criteria:

- The scholarship will be awarded to one student nominated in the College of Science who does not qualify for additional financial support to allow them to finish their last years of school and complete their degree.
- Recipient must be a non-traditional student and a junior or senior with a selected major.
- Recipient must have an overall GPA of 3.0 or higher.
- Recipient may be enrolled part-time or full-time (6 credit hours or more).
- The scholarship may be awarded to the same student for multiple years.

Uses:

The Scholarship may be used for tuition, fees or other educational expenses. To be awarded to one student only each academic year. If the scholarship amounts, when combined with other sources of scholarships and financial aid, exceed tuition and fees, the student may receive a cash disbursement for the remainder of the award.
