

# Obtaining a eWeber Username—Quick Guide

1. To sign in to the eWeber portal, a username and password is required.

If you have never signed into the eWeber portal, you will need to create a Wildcat username.

This can be done by going to [weber.edu/help](http://weber.edu/help)

2. Click on the link to “Getting a New Wildcat Account?”

## Wildcat Accounts

All WSU faculty, staff, and students must create a Wildcat username and password in order to access the eWeber portal and other Weber services. Your Wildcat Account will be used for many things including:

- eWeber Portal
- University Email
- Canvas (WSU Online)
- Wireless Internet
- Computer Labs

### Create Your Account

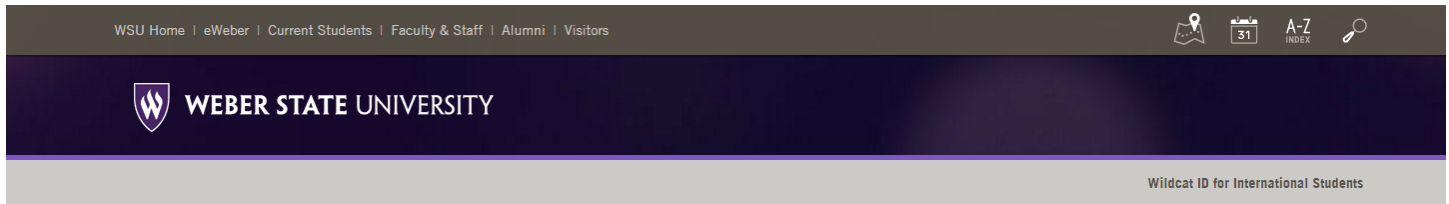

To create your username for the first time, access the [Get Your Wildcat Username](#) page. Your Wildcat username will be assigned to you and is generally your first and last name together with no space (e.g. waldowildcat).

### Manage Your Password

To manage your Wildcat password, use [Password Self-Service](#). For more detailed information about managing your password, access the [Wildcat Passwords](#) page.
