Ogden-Weber Technical College	Weber State University
Certification of Completion from Ogden-Weber Technical College in a construction apprenticeship program	Student will receive 40 hours of elective credits at Weber State University toward the AAS Construction Apprenticeship Degree.

Program Overview

The Associate of Applied Science (AAS) in Construction Apprenticeship is designed to bridge the gap between technical training and construction management. This program provides apprentices and journeymen with the education and skills needed to transition into leadership and management positions within their trade. The degree also helps reduce the time required to achieve master-level certification by integrating professional experience with academic coursework.

Elective Credit Award

Students are eligible to receive 40 hours of elective credit toward the AAS in Construction Apprenticeship degree at Weber State University upon completion of the following:

- Certificate of Program Completion from the technical college
- Admission into the construction apprenticeship degree program at Weber State University

Program Requirements

Program Prerequisite

Students must hold one of the following credentials:

- Journeyman's License
- Certificate of Completion from the Office of Apprenticeship (OA)
- Certificate of Completion from a post-secondary institution offering an OA-certified program

Grade Requirements

Students must maintain a minimum GPA of 2.00 (C) and earn a "C" or better in all core and elective courses. A grade of "C-" does not meet requirements.

Credit Hour Requirements

A minimum of 63 total credit hours is required for graduation, including:

- 20 credit hours completed in WSU residency courses
- 40 transfer credit hours awarded for completion of a certified Office of Apprenticeship program
