

INDEPENDENT STUDY FOR RENEWED ELIGIBILITY FOR RADIOLOGIC TECHNOLOGISTS CLINICAL SITE APPROVAL FORM

If the student is rotating to more than one clinical site, complete this form for EACH clinical site.

This form is to be completed by the clinical supervisor.

Prospective students applying to Weber State School of Radiologic Sciences Independent Study for Renewed Eligibility for Radiologic Technologists program must secure a clinical affiliate that will allow them to perform clinical education under the supervision of a **certified technologist**. The clinical experience for the Renewed Eligibility for Radiologic Technologists program requires a minimum of 24 hours per week until all required competencies have been met with a certified technologist's signature or initials. Students have no more than 6 months to complete their clinical education requirements. Most students will complete this in 3 months.

Date: _____
