If all documents are in order, you will receive an email from the Teacher Education Advisement Center staff approximately six weeks after graduating letting you know that you will need to go to the USBE site: <https://usims.schools.utah.gov/> to finish the process.

*My signature will verify I have completed all of the above and to my knowledge am eligible to receive recommendation for teacher licensure from Weber State University. I understand that the licensure process takes approximately two months to process and in order to receive my license I will need to complete the on-line licensing through USBE. <https://usims.schools.utah.gov/> I will receive an email that will include my license as an attachment. It will be my responsibility to print out a copy of my license. I understand the Teacher Education Department cannot recommend me for licensure until my degree has posted and I have successfully passed the Praxis II tests(s) in my content area(s) if applicable.*
